
Welcome at Joe's Restaurant

We started in 2012 as a Grill house, through the years we can say that we became a restaurant with a wide international menu. We did our best to put together a menu for everybody. Large groups are welcome, if you would like to pay separate, please let us know upfront.

Shared dining is not a problem for us, we ask a small surcharge of 4,50 for the use of an extra plate and side order.

Besides the variety of food we did our best to put together a wide menu of drinks.

On our beer menu there's a beer for everybody.
From a soft and fresh 2%, till a strong 11% beer.

Beer belongs in her own glass. Not only because it looks nice, but more important for the taste. That's the reason we try to serve every beer in her own glass.

Not into beer? Ask the hostess for a wine advise or maybe start with one of our Gin & Tonics.

We serve our Gins with Fever Tree tonic and their own garnish.

Enjoy your dinner, we will do our best to pleasure everybody, however if there are any questions or problems, please ask your hostess or one of our staff members.

Please make yourself at home.
